

April 2018

Concord Maritime, LLC is established by a team of tanker market professionals specializing in the management of third-party pools

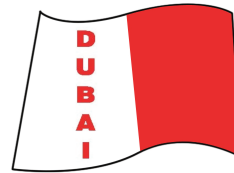

August 2018

Atlas Maritime, of Greece, delivers its 2008-built Aframax M/T Aspasia Lemos in Singapore to Dakota Tankers.

December 2018

Emarat Maritime joins Dakota Tankers with its 2010-built M/T Dubai Charm, to be followed by the 2011-built M/T Dubai Attraction in February 2019.

August 2019

Concord broadens its presence in the global tanker markets with the establishment of a commercial office in England - Concord Maritime UK Ltd.

December 2019

Concord purchases the 115,878 dwt 2007 Samsung built M/T Aegean Blue and renames it the M/T Dakota Strength. Its large capacity and relatively small draft make it ideal for loading in the shallow waters of the U.S. crude export terminals.

July 2018

The Company occupies office space in downtown Stamford, Connecticut and launches a modern platform that offers highly efficient access to global tanker markets through its Aframax tanker pool, Dakota Tankers.

November 2018

Concord Maritime takes a proprietary time charter position in Aframax M/T Free Spirit for participation in the Pool.

July 2019

A large North American based U.S. crude oil exporter expands participation in Dakota Tankers through time charters. The Pool climbs to 9 vessels, 3 of which are LR2s, providing the Pool the option to participate in the clean petroleum products markets.

October 2019

Dakota third party pool participation increases with the delivery of Chartworld Shipping's M/T Star Osprey, growing the fleet to 10 Aframaxes/LR2s.
